### Planning Meeting

Frank Sgarlata led a discussion to plan for speakers and projects for 2011-2012. Barnaby Ross presented the plan for our programs. Committee chairs will be responsible for two or three meetings each year. Please contact Barnaby as soon as you have a date and a speaker.

Suggestions about membership renewal:

- attending community events
- inviting likely guests to attend a complimentary lunch and view a special presentation about our club
- increasing the number of social activities
- contacting Key Club members following their post secondary education.

It would be helpful to have a list of what we support, with dollar amounts. Create a Power Point presentation as a promotion tool.

Joe Polito has checked out other Kiwanis club web site and found that Toronto has the most friendly and easy to use site. He will contact the site developer to get a quote for a Kingsway Humber site. It should be a reasonable price, if adapted from the Toronto model. Joe felt a new website would be a good tool for encouraging new members and receiving donations.

Fundraising could be improved by members buying a case of products from which to sell, thus saving Ted the job of warehousing.

Small projects such as St. Margaret's community dinner have a great impact. Advocacy for youth would be a great role for Kiwanis in the community.
