Special Guests

Bo Fleischman welcomed all 4-H members, parents and leaders from the Halton 4-H Club. He read the following: There are a total of 6000 members in Ontario 4-H Clubs between the ages of 10 and 21. Each member participates in various projects relating to agriculture, food, health and the environment; for example, dairy, beef, rabbit, tractor pulling, crop judging and Go for the Gold. Kiwanis has been a supporter of 4-H since 1959.

Bo noted that today's guests were all outstanding young people who have demonstrated commitment, and who have developed teamwork, leadership and public speaking skills. Every 4-H member present is an award winner and Bo was delighted to welcome such fine young people!!

Kailey Donaldson thanked Kingsway-Humber Kiwanis Club for their ongoing sponsorship. Each 4-H member present was then asked to name his or her projects and our members enjoyed asking for details.
